## Dear Parents/Guardians:

The health "status" of a student bears a direct relationship to the quality of the student's educational achievements. To maintain an optimum health status for learning, some students may require medication. The administration of medications in the schools is governed by state law. In accordance with the law, Central Catholic High School has enacted the following guidelines:

- 1. In compliance with Diocesan policy, medication and signed permission forms shall be brought to the school by the parent/guardian. At no time shall a student of any age be permitted to carry medication to school unless authorized in writing by the parent and/or physician.
- 2. All medication is to be taken in the clinic or in a designated area.
- 3. The form on the reverse side of this sheet must be completed and signed by parent/guardian before the medication can be administered in school.
- 4. If medication is prescribed by a physician, this form must also be signed by that physician.
- 5. Medication must be picked up by parent at end of school year.

Thank you for your time and concern in helping us provide optimal health care to your son/daughter.

Respectfully,

Faulke

Mrs. Jennifer Paul, RN

School Nurse
